### Opening Narration

Meet Elizabeth Kemp, a middle-aged woman who believes the best days of her life are behind her, and whose nights are spent basking in the warm glow of the past. Time that once dripped like water from a leaky faucet now seems to rush in a torrent toward inevitable old age and insignificance. But before she goes quietly into that night, Elizabeth Kemp will make a stop...in the Twilight Zone.

### Closing Narration

Elizabeth Kemp, who learned too late that nostalgia is an unreliable narrator and “the good old days” weren’t always so. Let this be a lesson to all those who wish they could turn back the clock. There’s nothing so precious as the here and now...in the Twilight Zone.
