Opening Narration

Meet Laura Lane, a brilliant young robot scientist, endeavoring to finish her project with late nights and solitude. Shunned by her colleagues, she works on Adam, erasing his mind of the billions of bits of information dumped there from the Internet and leaving a void to be filled...from the Twilight Zone.

Closing Narration

Laura Lane, once a servant to humanity, now lies motionless in front of Adam. She wanted them to be just like us, and now they are. Unable to stop him, she watches Adam exit his birthplace and enter...the Twilight Zone.
