Opening Narration

You’ve just met doctor Clare Crumpler,
the world’s leading bestower of empathy.

Tonight, she’s on the eve of another technological breakthrough
where her solutions come laden with opportunity cost.

Is technology inherently good, bad or indifferent?

Let’s inject ourselves into her dilemma,
inside the medical lab of The Twilight Zone.

Closing Narration

Clare Crumpler, 42,
This world’s greatest doctor
Her long string of incontrovertible success
came imbued with a hefty price tag.

The dollar amount grows larger with hubris
and becomes both our everyday adversary,
as well as her nemesis,
here in The Twilight Zone.
