

“Silencer”

### Opening Narration

Witness a phenomena of global proportions.

For as of Tuesday, 11:48 a.m., every man, woman and child on earth has gone suddenly and inexplicably mute.

Lips move, lungs draw breath. But not a syllable is uttered.

Only terror speaks in their eyes.

It is a silence that will plunge humanity into a mystery that could only have come from the darkest recesses of the Twilight Zone.

### Closing Narration

Of interest, perhaps, to antiquarians who may note a short-lived species whose need for power and control finally overcame its basic longing for freedom and beauty.

For when one voice is silenced, the silence spreads.

So wherever you are tonight, look up. And listen.

If you hear the silence, or feel it falling around you like the night, speak out.

But choose your words wisely. If they break the silence, they will echo forever through the endless corridors of the Twilight Zone.
