### Opening Narration

Our case study for today: One Dmitri Vladograv, a brutal dictator who rules with an iron fist. A man who has hoarded for himself all the riches his land has to offer, except for mercy and human compassion. A cruel man, an evil man, who takes a sick joy in putting his political enemies on ice, in a cold dark place called Siberia. But what Supreme Leader doesn't realize is that there is an even chillier location in the northernmost regions of ... the Twilight Zone!

### Closing Narration

Now open for public perusal, the latest exhibit in our museum of oddities. Supreme Leader Vladograv, a ruthless demagogue who found a home as cold as his heart. A cautionary lesson on how not to win friends and influence people, on perpetual display...in the Twilight Zone!
